

Multi-Purpose Synthetic Food Machinery Grease

Product Description

CHAMELEON ORANGE is a high performance, multi-purpose, orange lithium-complex synthetic grease that provides lubrication and protection for use in high temperature and performance applications. Contains extreme pressure, anti-wear and anti-oxidation additives to keep all metal parts working smoothly. CHAMELEON ORANGE is able to withstand extreme operating temperatures and is resistant to heat and moisture.

Performance Features:

- Superior water and washout resistance
 - Distinctive orange color for better detection
 - Excellent mechanical and shear stability
 - Withstands heavy loads for extend periods of time
 - Excellent low and high operating temperatures
-

Typical Applications:

CHAMELEON ORANGE is highly recommended for use in most marine, automotive, agricultural and industrial applications. CHAMELEON ORANGE should not be applied to surfaces that are expected to be in direct contact of food.

Available Sizes:

SIZE	CASE QTY.
14-Ounce Tubes	50
120-Pound Keg	-

Typical Specifications:

<i>Grade, NLGI</i>	<i>ASTM Test</i>	
Penetration @ 77°F	D217	310-340
Dropping Point, °F	D 2265	NONE
Visual Color	-	Orange
Appearance	-	Tacky
Base Oil Data		
cSt. @ 40°C	D-445	66
cSt. @ 100°C	D-445	9.8
Oil Separation, Wt. %	D-1742	0.5
Evaporation Loss, Wt. %	D-972	0.11

Health and Safety:

Based on available information, this product is not expected to produce adverse effects on health when used for the intended application and following the recommendations provided in the Material Safety Data Sheet (MSDS). This product is not to be used for purposes other than those specifically intended. When disposing the product, please take precautions to protect the environment.
