

Gasoline and Diesel Fuel Supplement

Product Description:

EGS BOOST X to provide and maintain a catalytically active surface coating in the combustion chambers of your vehicle's engine. It provide enhanced engine performance, increased gas mileage and a reduction in harmful exhaust emissions. In numerous tests performed under controlled conditions, EGS BOOST X shows increase in fuel efficiency by up to 10-15% or more with repeated and regular usage in most vehicles.

Performance Features:

- Increase fuel economy up to 10-15%
 - Aids in the prevention of bacterial growth and eliminates the water associated with diesel fuels
 - Improves lubricity of regulated low sulfur diesel fuels and gasoline
 - Promotes the combustion of carbon particles reducing smoke and cumulative emissions by up to 60%
 - Is an effective anti-gelling agent down to a minimum of -15°F
 - Contains no alcohol or cetane boosters
 - Registered with the US Environmental Protection Agency (EPA)
-

Typical Applications:

EGS BOOST X is effective in all gasoline, diesel and biodiesel fuels. Add EGS BOOST in liquid form to tank before filling to ensure thorough mixing. Tighten additive cap securely after use and store upright. Store above 32°F (0°C). The suggested mix ratio is 1 gallon for every 5000 gallons or 1 ounce to every 39 gallons.

Available Sizes:

SIZE	CASE QTY.	TREATS
Quart-size: Bottles	6	1,250 Gal
Gallon-size: Bottles	4	5,000 Gal
55-Gallon: Drum	-	275,000 Gal

Health and Safety:

Based on available information, this product is not expected to produce adverse effects on health when used for the intended application and following the recommendations provided in the Material Safety Data Sheet (MSDS). This product is not to be used for purposes other than those specifically intended. When disposing the product, please take precautions to protect the environment.
